

KLEENIT product line

SEE 64

64 to 1

Concentrated Glass Cleaner

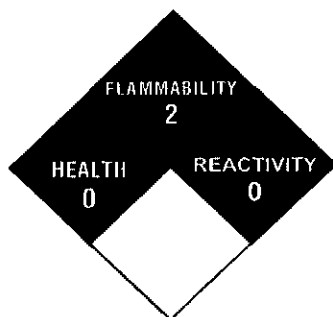

Appearance Clear Red Liquid
Odor Alcohol
pH (conc.) 9.0
Solubility Complete

Biodegradable

Manufactured to
ISO 9002
Specifications

NFPA 704 Hazard Rating:
4=Extreme, 3=High, 2=Moderate
1=Slight, 0=Minimal

Rating for this product:

Health 0 None
Fire 2 Below 200 F
Reactivity ... 0 Stable

EMERGENCY: (800) 535-5053
24 Hour MSDS Information

glass & hard surface cleaner	
Clean Shine	B2502
64 to 1 alcohol & butyl glass cleaner	
Shower Foam	B0300
soap scum & water stain remover	

D E S C R I P T I O N

- SEE 64 contains ingredients that quickly penetrate and dissolve light grease, oil, fingerprints, smudges, smoke film and grime from windows and hard surfaces with no streaking.
- Use it to clean windows, glass, windshields, showcases, TV screens, computer monitors, copy machines, light fixtures, Plexiglas, chrome, enamel, porcelain, mirrors, table tops, counter tops, display panels, doorways, Formica, stainless steel, plastic, vinyl upholstery, restroom fixtures, ceramic tile and painted surfaces.
- SEE 64 is easy to use. Just spray and wipe.
- It leaves surfaces bright with no dulling film.
- SEE 64 contains no ammonia or other harsh ingredients. It's *biodegradable*, too.

D I R E C T I O N S

Dilute SEE 64 according to the following conditions and pour into a trigger sprayer.

Warm or dry weather conditions:

Dilute 1:64 to 1:128 with water.

Cold or humid weather conditions:

Dilute 1:40 to 1:64 with water.

For heavier soils other than windows:

Dilute 1:20 to 1:30 with water.

Holding the trigger sprayer 6 to 8 inches from the surface and apply a light mist of the SEE 64 solution. Wipe away the soil with a soft, lint-free cloth, sponge or paper towel.

When cleaning windows, clean the outer edge and corners first. Then gradually work toward the center with a circular polishing motion to minimize streaking. Repeat for extremely dirty surfaces.

D I R E C T I O N S

For hard-to-reach places or to clean without the overspray, apply the solution of SEE 64 directly the cloth, sponge or paper towel and clean as you would with a trigger sprayer.

Always spray SEE 64 directly on a cloth or paper towel when cleaning electronic equipment such as computer monitors and flatbed scanners.

Large Area Window Cleaning:

Dilute SEE 64 into a bucket according to the weather conditions mentioned earlier. Apply with a scrubber or similar applicator one section at a time. A light scrubbing should be enough if there is only dust and dirt on the glass. To remove bird doo, concrete, silicone residue and water spots, use medium course steel wool (00).

Never use a green dishwashing pad. This is a sure way to scratch the glass. Remove the solution of SEE 64 and the soil with a squeegee, making sure to wipe the excess from the rubber blade, window frames and ledges with a clean cloth. Repeat if necessary.

C A U T I O N

EYE IRRITANT - Contains sodium dodecylbenzene sulfonate. Avoid contact with skin and eyes. Do not ingest.

FIRST AID

EYES: Flush with water for 15 minutes. If irritation persists, seek medical attention.

SKIN: Flood with water for 15 minutes.

INGESTION: Induce vomiting. Give large quantities of water. If vomiting occurs, keep airways clear and give fluids again. Seek medical attention.

KEEP OUT OF REACH OF CHILDREN

MATERIAL SAFETY DATA SHEET

EMERGENCY: (800) 535-5053

Product Name: See 64

Product Code: B2100

Proper Shipping Name: Not applicable. This is a non-regulated material.

Manufactured by: EXSL/Ultra Labs, Inc.

Effective Date: 11/30/04

Supersedes: 07/13/01

HAZARDOUS INGREDIENTS

	CAS#	PCNT%	TWA	STEL	SARA III	PROP 65	Carcinogen
Isopropyl Alcohol	67-63-0	16.00	983 mg/m ³	1,230 mg/m ³	No	No	No
Sodium Dodecylbenzene Sulfonate	25155-30-0	6.00	None	None	No	No	No

PHYSICAL DATA

Boiling Point: Not Avail. **pH:** (Conc.) 9.0 **Viscosity:** 1 - 3 cps **Vapor Pressure:** Not Avail.
Specific Gravity: 0.990 **Evaporation Rate:** Not Avail. **Solubility:** Complete **Vapor Density:** Not Avail.
Appearance & Odor: Light Red Liquid, Alcohol Odor **Reactivity In Water:** None **Melting Point:** Not App. **Volatiles:** Not Avail.

FIRE & EXPLOSION DATA

Health: 0 ... None **NFPA 704 Hazard Rating**
Fire: 2 ... Below 200°F 4 = Extreme, 3 = High, 2 = Moderate **Flash Point:** 105°F (Cleveland Open Cup)
Reactivity: 0 ... Stable 1 = Slight, 0 = Minimal **Flammability Levels (LEL/UEL):** Not App.

Extinguishing Media: This product is not combustible. Use water spray, foam, carbon dioxide, or dry chemical.

Fire & Explosion Hazard: None

Conditions to Avoid: Open flames, welding arcs or other high temperature sources that induce thermal decomposition, which produce toxic fumes.

REACTIVITY DATA

Materials to Avoid: None.

Stability: Stable

Hazardous Decomposition Products: None

Hazardous Polymerization: Will not occur

HEALTH HAZARDS

Eye Contact: Causes moderate to severe irritation. Prolonged and repeated contact can cause redness and tearing.

Skin Contact: May cause dryness with prolonged contact.

Ingestion: Can cause gastrointestinal irritation, nausea, vomiting and diarrhea.

Inhalation: Spray or mist can be irritating to the upper respiratory tract.

FIRST AID

Eyes: Flush out immediately for at least 20 minutes with running water and seek medical attention. Washing eyes within one minute is essential to minimizing eye damage. Hold eyelids apart to ensure flushing of the entire surface.

Skin: Wash with water. If irritation persists, seek medical attention.

Ingestion: Never give anything to an unconscious person. If swallowed, induce vomiting. Give large quantities of water or milk. If vomiting occurs, keep airways clear. Seek medical attention.

Inhalation: Move person to fresh air and away from exposure. If breathing is difficult, administer oxygen and seek medical attention. Give artificial respiration if victim is not breathing.

SPILL OR LEAK PROCEDURES

Steps to Contain:

ELIMINATE all ignition sources (no smoking, flares, sparks or flames in immediate area). Stop leaks if you can do it without risk. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing (rubber boots and gloves). Contain spills with dry earth, sand or other non-combustible material and transfer to containers. Sweep up powder spills and transfer to containers. DO NOT GET WATER INSIDE CONTAINERS.

Recommended Waste Disposal Method:

The materials resulting from the clean up may be hazardous waste and, therefore, subject to specific regulations. Package, store, transport, and dispose all clean-up materials and any contaminated equipment in accordance with all applicable federal, state, and local health environmental regulations. Shipments of waste materials are subject to manifesting requirements per applicable regulations. Ensure that all responsible federal, state, and local agencies receive proper notification of spills and disposal methods.

SPECIAL PROTECTION & PRECAUTIONS

Respiratory: None under normal use conditions.

Eye: None under normal use conditions.

Storage: Keep in a cool, dry place.

Clothing: None under normal use conditions.

Comments: None under normal use conditions.

Handling: Do not stack or palletize over three high.

USER'S RESPONSIBILITY

It is the user's responsibility to provide a safe workplace. He or she should consider the health hazard and safety information contained herein as a guide and take those precautions required in an individual operation to instruct employees and develop work practice procedures for a safe work environment. The information contained herein is, to the best of our knowledge and belief, accurate. However, since the conditions of handling and use are beyond our control, we make no guarantee of results, and assume no liability for damages incurred by use of this material. It is the responsibility of the user to comply with all applicable federal, state, and local laws and regulations.
